EXPERIENCE

2022 – 2023

FULL STACK WEB DEVELOPER, GOOD GREEK MOVING & STORAGE.

Part of a team that developed CRM (Customer Relationship Management).

- Full Stack Software Developer in a team that built a CRM from scratch, tailored to enhance company workflow.
- Designed, modeled, and created schemas to improve user experience and interface for the CRM.
- Developed with JavaScript, CSS, and HTML, using React for reusable components and state management.
- Leveraged Next.js for server-side rendering, routing, and serverless API endpoints.
- Utilized MongoDB for scalable backend database management, integrating data via API endpoints.
- Managed the project through GitHub for version control during development, deployment, testing, maintenance, and rollback phases.

2020 – 2022

IT & RECEPTIONIST, LXSTUDIO INC.

- Communicated with clients via email and in person to gather details on required supplies and assistance.
- Coordinated with team members to maintain computers and devices across campus.
- Troubleshoot complex environments and A/V equipment, isolated issues, and documented them through ticketing.
